

- Demonstrate that all other sources of payment (e.g., Insurance, FEMA) are unavailable or exhausted.

Modular Ramp Design:

- Modular ramps have no permanent footings, making them easy to install, remove, and relocate as necessary.
- Ramps may be made of wood, aluminum or steel or fiberglass. Design options are customized for each home and the needs of each applicant.

Funding for this project is provided by a post-Sandy Social Services Block Grant.

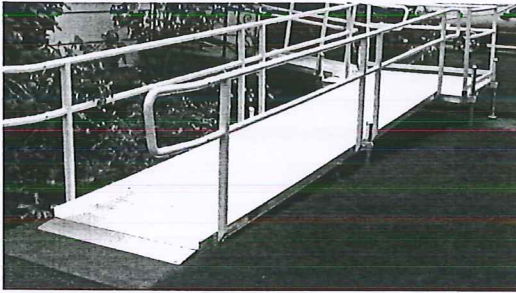

Produced by DHS Office of Publications 03/2014

Attention Sandy-impacted renters or homeowners with disabilities.

DDS
NJ Division of
Disability Services

The Ramp Rebuild, Replacement and Installation Program provides custom built modular ramps made from metal, wood or fiberglass to eligible applicants. Installation can take a few days or a week depending on the project.

Applicants must provide proof of loss or demonstrate need, as a result of Superstorm Sandy and present a medical certification confirming the presence of a disability that requires a ramp.

Individuals interested in applying for the Ramp Rebuild, Replacement and Installation Program can call the New Jersey Department of Human Services' Division of Disability Services (DDS) at 1-888-285-3036. Ramps will be built for eligible applicants until the funding is exhausted.

Program Scope:

Funding is available to replace, repair or build modular ramps for individuals who require one at their Sandy-impacted primary residences.

Projects:

DDS is considering applications that fall into one of the 3 categories below:

- A ramp was damaged due to the storm and needs to be repaired or replaced.
- A ramp is needed in a home or apartment because a person with a disability has relocated as a result of the storm, even temporarily.

- An existing ramp is no longer useful because a home has had to be elevated to comply with new building codes.

Applicants Must:

- Reside in New Jersey.
- Have a permanent disability that requires a ramp. Physician certification of disability and need is required.
- Show proof of home ownership or have written permission from landlord.
- Provide proof of loss as a result of damage from Superstorm Sandy.
