Beach cleanup - volunteers needed!

The Bayshore Regional Watershed Council, NY-NJ Baykeeper and Monmouth County Clean Communities are seeking volunteers to help clean up the beach area along Brook Avenue, near the mouth of Flat Creek in the Borough of Union Beach this Sunday morning, May 7 starting at 10:00am.

The mouth of Flat Creek is home to a diversity of fish, crabs, and birds

including Ospreys or fish hawks. It is also the site of one of the watershed's council Horseshoe Crab monitoring areas where adult horseshoe crabs come to spawn and create the next generation. Please help us clean up an often overlooked site of New Jersey's rich ecology.
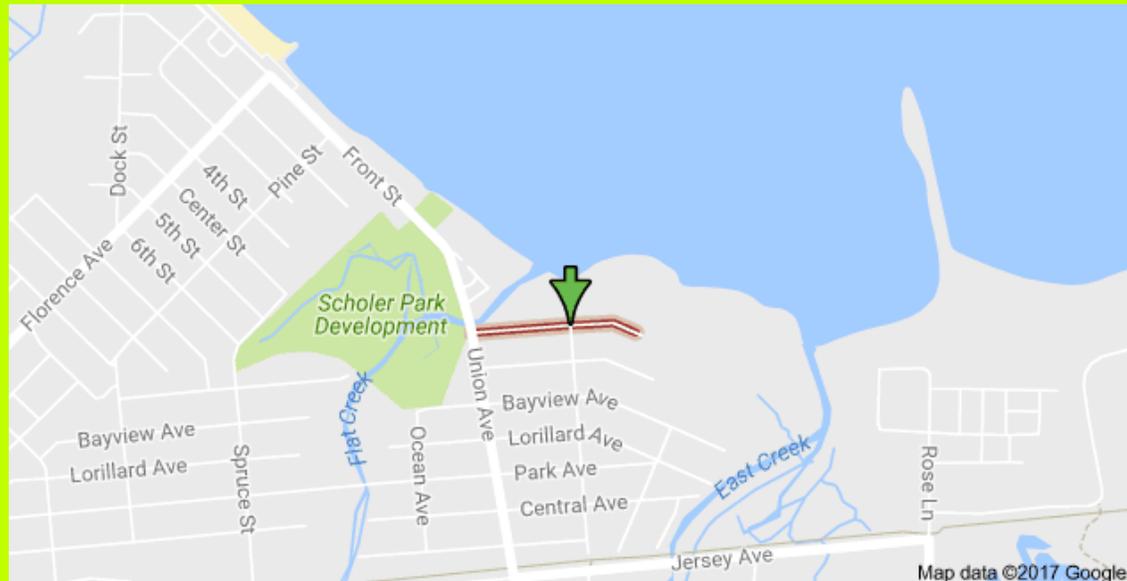

A lot of people would be surprised to see that there is so much trash along the beach and near Brook Avenue.

WHEN: SUNDAY, MAY 7, 2017
TIME: 10:00AM TO 12:00PM
MEETING LOCATION: Park vehicles on Brook Avenue in Union Beach. On-street parking only.
GPS Address: Brook Avenue, Union Beach, NJ 07735

No Registration Needed. Everyone is welcome!

Join your neighbors, enjoy the outdoors, get some exercise, meet friendly people, and do something good for the environment. A clean and healthy environment is critical to the overall health of people that live there.

Students or scouts who participate in the cleanup will earn community service hours.

Garbage bags will be provided. Attendees should wear long pants and closed-toe shoes. Waders or high boots are best. Please bring gloves.

Event will take place weather permitting. Heavy rain, snow or strong

winds will cancel.

The Bayshore belongs to everyone!
Be part of the solution to creek pollution!
